Section 1. Membership . Every Owner shall be a member of the Association. Membership in the Association shall be appurtenant to the deed and title to each R. V. ### ARTICLE IV

#### Property Rights in the Common Properties

Section 1. Members' Easements of Enjoyment. Subject to the provisions of Article IV, Section 3, every Member and his guests shall have a non-exclusive but irrevocable right and easement of enjoyment and use in and to the Common Properties for as long as he is an Owner of an R. V. Lot, and such easement shall be appurtenant to and shall pass with the title to every

R. V. Lot. Such rights and easements, without limitation, shall include the right to the non-exclusive use thereof by Members (in common with other Members and their guests and invitees), subject, however, to the reasonable use restrictions as may be imposed by the Association for the use of the Common Properties, and the obligation to pay the common assessments as provided in Article IV.

Section 2. Title to Common Properties. The Developer may retain the legal title to the Common Properties until such time as it has completed improvements thereon and until such time as, in the opinion of the Developer, the Association is able to maintain the same but, notwithstanding any provisions herein, the Developer hereby covenants, for itself, its heirs and successors and assigns, that it shall complete the improvements upon and convey the Common Properties to the Association not later than January 1, 1987. Until the transfer of title to the Common Properties to the Association, Developer shall perform all of the obligations, covenants and agreements, and abide by the restrictions contained herein with respect to the Common Properties, except for such construction and marketing activities as are consistent with development thereof.

Section 3. Extent of Members' Easements. The rights and easements of enjoyment and use created hereby shall be subject to the following:

(a) The right of the Developer to borrow money for the purpose of improving the Common Properties and in aid thereof to mortgage the same. Any mortgage or other indebtedness or lien which is placed on the Common Properties by the Developer shall be removed or satisfied by the Developer before it conveys and transfers the Common Properties to the Association; and

(b) The right of the Association to take such steps as are reasonably necessary to protect the Common Properties from foreclosure; and

(c) The right of the Developer and the Association, as provided in its Articles and By-Laws, to suspend the enjoyment rights of any Member for any period during which any assessment or utility service fee remains unpaid, and for any period not to exceed thirty (30) days for any infraction of its published rules and regulations; and

(d) The right of the Association to charge reasonable admission and other fees for the use of the Common Properties pursuant to Article V<sub>1</sub> Section 2; and

(e) the right of the Developer of the Association to dedicate or transfer (excluding easements, which may be granted without the notice to Members as hereinafter provided) all or any part of the Common Properties as to any public agency, authority or utility for such municipal, governmental and/or non-commercial purposes and subject to such conditions as may be agreed to by the Developer or by the Members, provided that no such dedication or transfer by the Association (other than those dedications contained in the Deed of Dedication to Flint Ridge No. 1-Amended, Flint Ridge No. 2, Flint Ridge No. 4 and Flint Ridge R. V. Park) shall be effective unless written notice of the proposed agreement and action thereunder is sent to every Member at least ninety (90) days in advance of any action taken and unless an instrument signed by the President and the Secretary of the Association with a certified copy of a resolution attached

showing that such resolution was adopted by a two-thirds (2/3) majority of the Members entitled to vote and is duly recorded in the Office of the County Clerk of Delaware County, Oklahoma, agreeing to such dedication or transfer; and

(f) Such other easements, agreements and outstanding mineral interests as may exist on the Existing Properties at the time of execution of this Deed of Dedication.

## ARTICLE V Covenants for Maintenance Assessments

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Developer as the present owner of the Properties hereby covenants, and each subsequent Owner of any R. V. Lot by acceptance of a deed or contract therefor (whether or not it shall be so expressed in any such deed, contract or other conveyance) is deemed to covenant and agree to pay to the Association: (1) monthly assessments or charges as provided herein; (2) a monthly utility service fee which may be adjusted from time to time by the Association and (3) special assessments for capital improvements, such as assessments to be fixed, established and collected from time to time as hereinafter provided. The monthly assessments, monthly utility service fee and special assessments (hereafter collectively "assessments"), together with such interest thereon and costs of collection thereof as hereinafter provided, shall be a continuing lien thereon against which each such assessment or utility service fee is made until paid. Each such assessment and utility service fee, together with such interest thereon and costs of collection thereof as hereinafter provided, shall also be the personal obligation of the person who was the Owner of such R. V. Lot at the time when the assessment or utility service fee fell due, and the Association shall have a lien against such owner's R. V. Lot(s) for the entire amount due, which lien shall be effective as of the due date.

Section 2. Purpose of Assessments. The assessments and utility service fees levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents in the R. V. Lots and in particular, payment for water and electrical use and for the improvement, maintenance and operation of the Common Properties, including but not limited to, the payment of taxes and insurance on the Common Properties and repair, replacement and additions thereto, and for the cost of labor, equipment, materials, management and supervision thereof, and for the treatment, purification and distribution of water to the R. V. Lots and areas in the Property. Nothing herein shall limit the charging of special fees for the use of Common Properties for limited purposes, over and above the assessments or utility service fees charged hereunder. No assessments or utility service fees hereunder shall be used for capital improvements or expenditures (except replacement of improvements built by the Developer and transferred to the Association as provided in Section 2 hereof) unless approved by a vote of two-third (2/3) of the membership pursuant to Article V, Section 5. Nothing hereunder shall permit the Developer to assess the Members for capital improvements to be constructed by it upon the Common Properties pursuant to the General Plan of Development.

Section 3. Determination of Annual Assessment. The Board of Directors

of the Association, after consideration of current costs and future needs, shall establish an annual budget and shall calculate annual assessments including a monthly utility service fee against each R. V. Lot and area in the Property in proportion to each other's interest in the Common Properties of the Association. This method of assessment shall also apply to any additional land brought within this Deed of Dedication by Supplemental Deed of Dedication, if applicable. The total assessment shall equal the proposed budget. The levy and assessment shall be in accordance with Article V, Section 4.

Section 4. Fiscal Year and Due Dates for Assessments. The fiscal year of the Association shall run from January 1 to December 31. The annual assessments against each Owner and his R. V. Lot and area provided for in Section 3 including the utility service fee shall be due and payable in accordance with the terms of Owner's Contract.

The assessment and utility service fee shall be paid on or before the due date established in the Contract signed by Owner and shall be delinquent if not paid within thirty (30) days from the due date.

Section 5. Special Assessments for Capital Improvements. In addition to the assessments and utility service fee, authorized by Section 3 hereof, the Board of Directors may levy in any assessment year a special assessment, for the purpose of defraying, in whole or in part, the cost of any new construction or additional capital improvement(s) upon the Common Properties, including the necessary fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds ( $2/3$ ) of the votes of the membership who are voting in person or by proxy at a meeting duly called for this purpose, written notice of which shall be sent to all Members at least thirty (30) days in advance and shall set forth the purpose of the meeting.

The due date of any special assessment under this Section shall be fixed in the resolution authorizing such assessment.

Section 6. Quorum for any Action Authorized under Section 5. The quorum required for any action authorized by Section 5 shall be as follows:

At the first meeting called, as provided in Section 6 hereof, the presence at the meeting of Members or of proxies entitled to cast sixty percent (60%) of all the votes of the membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called, subject to the notice requirement set forth in Section 5, and the required quorum at any such subsequent meeting shall be one-half ( $1/2$ ) of the required quorum at the preceding meeting, provided that no such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 7. Duties of the Board of Directors. The Board of Directors of the Association shall at least thirty (30) days in advance of the beginning of a new fiscal year prepare a roster of the Properties and the annual assessments and utility service fees applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner, and shall at that time fix the amount of the annual assessment in accordance with this Deed of Dedication against each R. V. Lot for the next fiscal year.

Written notice of the total annual assessment and utility service fees and the amount of each monthly assessment and monthly utility fees shall thereupon be sent to every Owner. This notice must be sufficient to inform each Owner of his monthly assessment and monthly service fees and no further notices are necessary for that fiscal year.

The Association shall upon demand at any time furnish to any Owner, any mortgagee, or prospective owner or mortgagee liable for said assessment and utility service fee a certificate in writing signed by an officer of the Association, setting forth whether said assessment and/or utility service fee has been paid. Such certificate shall be conclusive evidence of payment of any assessment and/or utility service fee therein stated to have been paid.

Section 8. Effect of Non-Payment of Assessment; The Personal Obligation of the Owner; The Lien; Remedies of Association. If an assessment or utility service fee is not paid on the date when due (being the date specified in Section 4 hereof) then such assessment and utility service fee shall become delinquent and shall, together with such interest thereon and cost of collection thereof as hereinafter provided, hereupon become a continuing lien on the property of such delinquent owner which shall bind such property in the hands of the then owner, his heirs, devisees, personal representatives and assigns, and shall also become a personal obligation of the owner and of the delinquency date. The personal obligation of the then Owner to pay such assessment including a utility service fee shall remain his personal obligation until such assessment and utility service fee is paid.

If the assessment and utility service fee is not paid within thirty (30) days after the delinquency date, the assessment and utility service fee shall bear interest from the date of the delinquency at a legal rate (established by the Association) not to exceed then percent (10%) per annum and the Association may bring an action against the owner(s) personally obligated to pay the same and/or to foreclose the lien against the R. V. lot (s), and there shall be added to the amount of such assessment and utility service fee the costs of preparing and filing the Petition or Complaint in such action, and in the event a judgment is obtained, such judgment shall include interest on the assessment and utility service fee as provided and a reasonable attorney's fee to be fixed by the court together with the costs of the action.

Section 9. Subordination of the Lien to a First Mortgage; Other Mortgages Forbidden. The lien of the assessments and utility service fee provided hereTh shall be subordinate to the lien of any first mortgage now or hereafter placed upon the Properties by the Developer to pay development costs of the Property (which must be released when an owner pays for his lot). Owners shall not be permitted to place any mortgage or other encumbrance upon the Properties or any portion thereof other than a first mortgage except: Any mortgage and other security interest given to Developer by any purchaser of any R. V. Lot(s). If an Owner violates this Section 9, the lien for assessment(s) and utility service fees shall be superior to any other such lien, mortgage or other encumbrance. Sale or transfer of any lot pursuant to a decree of foreclosure or any other proceeding or deed in lieu of foreclosure, shall receive such lot(s) from liability for any assessments and utility service fees assessed after such acquisition of title, nor from

the lien of such subsequent assessment or utility service fee.

Section 10. Exempt Property. The following property, subject to this Deed of Dedication, shall be exempted from the assessments, and utility service fees charges and liens created herein:

(a) All properties to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use;

(b) All Common Properties as defined in Article I, Section 1; and

(c) All utility easements.

(d) All lots not located in the R. V. Park shall be exempt from the utility service fee.

Section 11. Water Connection Fees. The Developer hereby undertakes and agrees to build or cause to be build a water distribution system to serve the R. V. lots and to pay and install main water distribution lines throughout the Property and pay all costs of construction thereof and complete the same by December 3, 1986. The main water distribution lines shall be laid within the roadway and other easements as shown on the Plat of Flint Ridge R. V. Park. After such water lines have been laid and water is available to a given R. V. lot(s) for the Owner to connect thereto, the Association will charge Owner a monthly utility service fee to be paid to the Association so long as Owner is the record title holder to his Lot.

The Association shall establish reasonable rules and regulation(s) for water usage, reasonable utility service fee and the establishment of proceedings in the event of non-payment by any Owner(s) for water used, which shall include without limitation cutting off the supply of water to such defaulting owner(s).

After the water treatment and distribution system and the main water line distribution system has been conveyed and transferred to the Association, all future repairs, replacement, maintenance and operation thereof shall be the responsibility of the Association and any costs thereof shall be paid by the Association and included in the maintenance assessments as provided in Article V, Section 3.

Section 12. Interim Monthly Assessments Contract(s) Between Owner(s) and Developer. It being recognized by the Developer until a sufficient number of lots have been sold in order that the Association would have sufficient revenues to pay all costs of repair, maintenance, replacement, operation and management of the Common Properties to be owned by the Association, the Developer may contract with any prospective Owners for such Owner(s) to pay an agreed upon maximum amount for their share of the monthly assessment and utility service fee owing to the Association. In such event, the Developer shall underwrite and pay any such excess cost to the Association over and above the contracted amount.

ARTICLE VII  
SERVICE CONTRACTS

Section 1. Service Contracts. In addition to maintenance upon the Properties, the Association is authorized to enter into contracts to provide management and/or maintenance services to either the Owners or the Association or both, in accordance with terms agreed upon by the Board of Directors Association.

ARTICLE VIII  
General Provisions

Section 1. Duration. The covenants and restrictions hereof shall run with and bind the Property, and shall inure to the benefit of and be enforceable by the Association and, where applicable, by the Owner of any lot subject to this Deed of Dedication, his or her respective legal representatives, successors and assigns, until January 1, 1994, after which time said covenants and restrictions shall be automatically extended for successive periods of (10) years unless an instrument signed by the then Owners of three-fourths of the R. V. lots has been recorded, agreeing to change of said covenant restrictions in whole or in part; provided, however, that no such agreement change shall be effective unless made and recorded one year in advance of the effective date of such change, and unless written notice of the proposed agreement is sent to every Owner at least ninety (90) days in advance of any action taken.

Written notice of the total annual assessment and utility service fees and the amount of each monthly assessment and monthly utility fees shall thereupon be sent to every Owner. This notice must be sufficient to inform each Property Owner of his monthly assessment and monthly service fees and no further notices are necessary for that fiscal year.

The Association shall upon demand at any time furnish to any Property Owner, any mortgagee, or prospective owner or mortgagee liable for said assessment and utility service fee a certificate in writing signed by an officer of the Association, setting forth whether said assessment and/or utility service fee has been paid. Such certificate shall be conclusive

evidence of payment of any assessment and/or utility service fee therein stated to have been paid.

Section 8. Effect of Non-Payment of Assessment; The Personal Obligation of the Owner; The Lien; Remedies of Association. If an assessment or utility service fee is not paid on the date when due (being the date specified in Section 4 hereof) then such assessment and utility service fee shall become delinquent and shall, together with such interest thereon and cost of collection thereof as hereinafter provided, hereupon become a continuing lien on the property of such delinquent owner which shall bind such property in the hands of the then owner, his heirs, devisees, personal representatives and assigns, and shall also become a, personal obligation of the owner and of the delinquency date. The personal obligation of the then Property Owner to pay such assessment including a utility service fee shall remain his personal obligation until such assessment and utility service fee is paid.

If the assessment and utility service fee is not paid within thirty (30) days after the delinquency date, the assessment and utility service fee shall bear interest from the date of the delinquency at a legal rate (established by the Association) not to exceed ten percent (10%) per annum and the Association may bring an action against the owner(s) personally obligated to pay the same and/or to foreclose the lien against the R. V. lot (s), and there shall be added to the amount of such assessment and utility service fee the costs of preparing and filing the Petition or Complaint in such action, and in the event a judgment is -obtained, such judgment shall include interest on the assessment and utility service fee as provided and a reasonable attorney's fee to be fixed by the court together with the costs of the action.

Section 9. Subordination of the Lien to a First Mortgage; Other Mortgages Forbidden. The lien of the assessments and utility service fee provided herein shall be subordinate to the lien of any first mortgage now or hereafter placed upon the Properties by the Owner to pay development costs of the Property (which must be released when an owner pays for his lot). Property Owners shall not be permitted to place any mortgage or other encumbrance upon the Properties or any portion thereof other than a first mortgage except: Any mortgage and other security interest given to Owner by any purchaser of any R. V. Lot(s). If a Property Owner violates this Section 9, the lien for assessment(s) and utility service fees shall be superior to any other such lien, mortgage or other encumbrance. Sale or transfer of any lot pursuant to a decree of foreclosure or any other proceeding or deed in lieu of foreclosure, shall relieve such lot(s) from liability for any assessments and utility service fees previously levied but shall not relieve such lots from liability for any assessments and utility service fees assessed after such acquisition of title, nor from the lien of such subsequent assessment or utility service fee.

Section 10. Exempt Property. The following property, subject to this Deed of Dedication, shall be exempted from the assessments, and utility service fees charges and liens created herein:

(a) All properties to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use;

(b) All Common Properties as defined in Article I, Section 1; and

DEED OF DEDICATION AND

(c) All utility easements.

(d) All lots not located in the R. V. Park shall be exempt from the utility service fee.

Section 11. Water Connection Fees. The Owner hereby undertakes and agrees to build or cause to be built a water distribution system to serve the R. V. lots and to pay and install main water distribution lines throughout the Property and pay all costs of construction thereof and complete the same by December 31, 1986. The main water distribution lines shall be laid within the roadway and other easements as shown on the Plat of Flint Ridge R. V. Park No. 2. After such water lines have been laid and water is available to a given R. V. lot(s) for the Property Owner to connect thereto, the Association will charge such Property Owner a monthly utility service fee to be paid to the Association so long, as such Property Owner is the record title holder to his Lot.

The Association shall establish reasonable rules and regulation(s) for water usage, a reasonable utility service fee and the establishment of proceedings in the event of non-payment by -any Property Owner(s) for water used, which shall include without limitation cutting off the supply of water to such defaulting owner(s).

After the water treatment and distribution system and the main water line distribution system has been conveyed and transferred to the Association, all future repairs, replacement, maintenance and operation thereof shall be the responsibility of the Association and any costs thereof shall be paid by the Association and included in the maintenance assessments as provided in Article V, Section 3.

Section 12. Interim Monthly Assessments - Contract(s) Between Owner(s) and Developer. It being recognized by the Owner that until a sufficient number of lots have been sold in order that the Association would have sufficient revenues to pay all costs of repair, maintenance, replacement, operation and management of the Common Properties to be owned by the Association, the Owner may contract with any prospective Property Owners for such Property Owner(s) to pay an agreed upon maximum amount for their share of the monthly assessment and utility service fee owing to the Association. In such event, the Owner shall underwrite and pay any such excess cost to the Association over and above the contracted amount.

ARTICLE VII  
Service Contracts

Section 1. Service Contracts. In addition to maintenance upon the Common Properties, the Association is authorized to enter into contracts to provide management and/or maintenance services to either the Property Owners or the Association, or both, in accordance with terms agreed upon by the Board of Directors of the Association.

ARTICLE VIII  
General Provisions

Section 1. Duration. The covenants and restrictions hereof shall run with and bind the Property, and shall inure to the benefit of and be enforceable by the Association and, where applicable, by the Owner of any land subject to this Deed of Dedication, his respective legal representatives, heirs, successors and assigns, until January 1, 1994, after which time said covenants and restrictions shall be automatically extended for successive periods of ten (10) years unless an instrument signed by the then Property Owners of three-fourths (3/4) of the R. V. lots has been recorded, agreeing to a change of said covenants and restrictions in whole or in part; provided, however, that no such agreement to change shall be effective unless made and recorded one year in advance of the effective date of such change, and unless written notice of the proposed agreement is sent to every Property Owner at least ninety (90) days in advance of any action taken.

Section 2. Notices. Any notice required to be sent to any Member or Property Owner under the provisions of this Deed of Dedication shall be deemed to have been properly sent when mailed, postage thereon fully prepaid, to the last, known address of the person whose name appears as a Member or a Property Owner on the records of the Association at the time of such mailing.

Section 3. Enforcement. Enforcement of these covenants and restrictions shall be by any proceeding at law or in equity against any person or persons violating or to recover damages, and against the land to enforce any lien created by these covenants; and failure by the Association or any Property Owner to enforce any lien created by these covenants; and failure by the Association or any Property Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 4. Amendments. Anything to the contrary herein notwithstanding, the Owner does hereby reserve exclusively unto itself the right to amend the Plat of Flint Ridge R. V. Park No. 2 so as to correct any errors which may presently exist on said Plat with respect to lot dimensions which are shown thereon. The Owner irrevocably reserves the right to amend said Plat to correct such lot dimensions by filing an amendment(s) thereto and without the necessity of any other lot owner joining in such amendment. No lot will be sold or transferred by the Owner until the front corners have been staked and measured by the surveyor. Any and all lot owner(s) of record at the time of any such amendment(s) by the acceptance and recording of a deed to his lot shall be deemed, to (1) have given his written consent to such amendment being filed by the Owner without the necessity of such Property Owner affixing his signature to such amendment, and (2) have appointed the Owner as his attorney-in-fact to execute and file the aforesaid amendment(s) to said Plat in his place and stead.

Section 5. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provisions which shall remain in full force and effect.

IN WITNESS WHEREOF, this instrument has been executed this 28 day of August, 1981.
